Varadharajan A

Mobile: +91-9629914445 email: varadharajana@gmail.com

OBJECTIVE:

I will use my Security and implementation domain knowledge to contribute to developing Java, J2EE, Python, Power BI, MERN, and the workings of Full Stacks and AI technologies.

SUMMARY:

- **18 years** of IT experience in analysis, design, development, documentation, implementation and testing, and training of software systems in Java core & Full stack, Python Full stack, MERN full stack, DevOps and Cloud technologies.
- Strong knowledge of application development using the software development life cycle SDLC and various methodologies like Waterfall and **Agile**/**Scrum**.
- Expertise in working with various J2EE technologies including **Hibernate**, **Struts MVC Framework, Servlets**, **JNDI, JMS, Kafka, JDBC, WEB SERVICES,** and **GRADLE**.
- Strong experience in Spring Frameworks such as **Spring MVC**, **IOC**, **AOP**, and **Spring JDBC**.
- Strong hands-on experience with **Spring IO** and **Spring Boot**.
- Experience in using build/deploy tools such as **Jenkins, Docker, and OpenShift** for Continuous Integration and deployment for Microservices.
- Excellent team player with good analytical, strategic planning, and interpersonal and communication skills. Highly motivated, enthusiastic, and a self-starter.

TECHNICAL SKILL SET:

Primary Skills: Analysis, Designing, Development, Implementation, Testing & Packaging
Full Stack Applications: Java Full Stack, Python Full Stack & MERN Full Stack
DBMS: Mongodb, Oracle 11g, MySQL, and PostgreSQL
Data Analytics tools: Power BI & Python
Frameworks: Spring, Spring Boot, Kafka, Hibernate, JPA, MERN & Django
Testing: Protractor, Karma, Mocha, Jasmine, Selenium & Mockito
Build Tools: Docker, Gradle, Ant & Maven
Operating System: Windows, Unix & Linux

Technical Certifications:

I have completed recent certifications for the Certified trainer:

- **Cognitive class.ai (Powered by IBM) certifications –**
  - **Data Analysis with Python**
  - **Data Visualization with Python**
  - **ML with Python**
  - **Data Science with Python**
  - **Data Science Fundamentals**
- **API Designer**

- **API product manager**
- **API Security Architect Certificate**
- **Foundation for Test Automation using Sahi Pro**

PROFESSIONAL EXPERIENCE:

S.no	Client details	Domain	Role	Duration
1	**Infosys, Bangalore**	Cloud Technology – Render Cloud Platform DevOps tool: Monitoring– PM2 DevOps Tool: CICD - Git, GitHub	Corporate Trainer	2 days (July 2024)
2	**EduBridge Learning India Private Limited, Mumbai**	Java Full Stack, MERN Full Stack	Master Trainer	Feb 2022 to Oct 2023
3	**Siemens Technology India**	AngularJS, and testing concepts –Protractor, Karma, Mocha, and Jasmine	Freelancer trainer	1 month
4	**TechSkills Academy**	Oracle Visual Builder Studio Developer Training Program		20 days (November 2024 - Aug)
5	**Job seekers (ex-Capgemini Employee from USA)**	Angular, and testing concepts – karma, Mocha, and Jasmine		1.5 months
6	**Job seekers in Jordan, the USA, and India**	Angular, React and MySQL, Oracle, PostgreSQL and Python, Selenium, Cucumber, Gherkin and JUnit		8 months
7	**TEC Consultancy Services, Chennai**	Programming Languages, Basic Concepts, and DB	Corporate Trainer	From Aug 2008 to Dec 2013

Magendhiran Consultancy Services - (Sr.Java Developer)

Responsibilities: (Client Details: Regency Centers) – (From 20th March 2019 to May 2020)

- Worked in the agile framework as an individual contributor Responsibilities include - Interaction with the Business team in story grooming, and reviewing story/acceptance criteria.
- Implemented REST Microservices using spring boot. Generated Metrics with method-level granularity and Persistence using Spring AOP and Spring Actuator.
- Implemented Zipkins for distributed Micro Service Monitoring. Integrated Swagger UI and wrote integration test along with REST document.
- Implemented Hysterix a Latency and Fault Tolerance system (Kafka, RabbitMQ) for Distributed Systems. Wrote Controller, Services, and directive code using Angular JS 1.X for a POC for converting CIM UI.
- Used Spring config server for centralized configuration and Splunk for centralized logging. Used Concourse and Jenkins for Microservices deployment
- Developed story/task by following TDD/BDD and Pair programming concepts. Providing daily status in scrum meetings with the client. Mentored new team members on effective usage of a blend of Spring Boot /JPA and Java

Environment: Java 1.8, Restful web Services (JERSEY, Spring Boot), PCF, Zipkins, Hysterix, Spring Config server, Angular JS1.x, HTML, JSON, Log4j, Gradle, Git, Junit, Pivotal Tracker, Tomcat 7, DB2, Jenkins, Kafka, Selenium, Mockito, JQuery

Magendhiran Consultancy Services (Java Developer)

Responsibilities: (Client Details: Aimco) – (From Aug 2017 to Feb 2019)

- Responsible for requirements analysis, technical design, implementation, and testing.
- Implemented service layer using Spring IOC and annotations and Controllers using Spring MVC.
- Implemented DAOs, and entities using Hibernate API and Hibernate QL.
- All the functionality is implemented using **Spring IO** / **Spring Boot** and **Hibernate ORM**. Implemented Java EE components using **Spring MVC, Spring IOC, Spring transactions**, and Spring security modules.
- Implemented all the components following test-driven development methodology using JUnit.
- Used **SVN** as a version control system.
- Created build and deployment scripts using **Maven**.
- Developed the Signup and Login flow for Stores.
- Implemented the product listing and management functionality, using which stores can add new products and update and delete the listed products.

Environment: Java 1.6, Java EE, SpringIO, Spring boot 1.2.3 with Thymeleaf 2.1.4, Spring MVC 4.1.5, Hibernate ORM 4.3.5, Agile/Scrum, MySQL 5.5, HTML5, jQuery, Apache Tomcat 8.0, Linux, Maven 4.0, SVN 1.7, Log4j2.

Magendhiran Consultancy Services (Java Developer)

Responsibilities: (Client Details: Kimco Realty) - (From Dec 2015 to July 2017)

- Responsible for requirements analysis, technical design, implementation, testing, and documentation.
- Developed critical components of the application including **spring forms, Spring controllers**, **JSP views,** and business logic and data logic components that include **Hibernate Entities, Spring-Hibernate DAO,** and **Spring models** following MVC architecture.
- Involved in the implementation of matching functionality between accounts and offers and also the functionality to manage customer communication and channel preferences using **Spring, Kafka,** and **Hibernate**.
- Used **Hibernate** persistence framework on the backend against Oracle database for billing details PDF generation flow.
- Written extensive JUnit testing classes for comprehensive coverage of test cases.
- Involved in designing and developing a presentation layer for monthly bill comparison chart using **JSP, JSTL,** and HTML Integration of Cyber source Payment Gateway using SOAP **WS** for **Auto Payment** flow.
- Development to expose User Profile services to other department users using **RESTful WS**.
- Participated in the daily stand-up meetings as part of the AGILE process for reporting the day-to-day developments of the work done Used Apache Maven to build projects, which assisted in testing, and producing reports on projects.

Environment: Core Java 1.6, J2EE, Spring 3.0 MVC, IOC, AOP, JDBC, Hibernate ORM 3.6, RESTful Web Services, Agile, JSP 2.1, JSTL 1.1.2, MySQL 5.0, Apache Tomcat 6.0, UNIX, Maven 3.0, SVN 1.7, slf4.

Magendhiran Consultancy Services - (Java Developer)

Responsibilities: (Client Details: Federal Realty) - (From April 2014 to Dec 2015)

- Involved in analysis, specification, design, and implementation and testing phases of Software Development Life Cycle **SDLC**.
- Actively interacted with Business Analysts for requirement gatherings and analysis. Developed designed **specifications** using UML including Use case, Class, and Sequence diagrams.
- Developed the Presentation and Controller layers using **JSP, HTML, Java Script, and** Business logic using **Spring** IOC, AOP, **DTO, JTA**, and Persistent layer **DAO, Hibernate** for all modules.
- Implemented service layer classes using **Spring IOC** and **AOP** classes.
- Developed the application using industry-standard design patterns like **Service Locator, Singleton, Business Delegate, MVC, Factory Pattern,** etc for re-usability.
- Used **JavaScript** for client-side validation in **JSP** pages.
- Implemented and maintained **AJAX-based** rich client for improved customer experience.
- Developed Java Messaging Service **JMS, Kafka** with **MessageDrivenBeans** by configuring **JMS** Queues, Topics, and Connection Factories.
- Implemented Web services components **SOAP, WSDL, and UDDI** to interact with external systems.
- Developed JUnit test framework and executed unit test cases by using **JUNIT** for fixes.
- Developed the code environment using IDE as **Eclipse3.2** and deployed into **Tomcat Server** Developed ANT build.xml to achieve more functionality for build process.

Environment: Jdk1.5, AJAX, JavaScript, JSP, Spring 3.0, DAO, Hibernate 3.2, UML, Design patterns, JMS, Eclipse3.2, Oracle 10g, ANT, JUNIT, HTML, DHTML, XML, slf4, XSL, CSS, JMeter, Windows XP and UNIX.

ACADEMIC EXPERIENCE (7 Years)

a. 4 years (Jan 2010 to Feb 2014) of experience working as an Assistant Professor in the Department of Computer Science and Engineering, Tagore Engineering College, Chennai.
b. 1.8 - Years (July 2008 to Dec 2009) worked as a Lecturer in the Department of Information Technology, Rajiv Gandhi College of Engineering, Sriperumbudur, Chennai.
c. 1- Year Experience in Lecturing (June 2005 to July 2006) in the Department of Information Technology, Lord Venkateshwara Engineering College, Puliyampakkam, Kanchipuram.

Online Activities –

- ***Training Provided on Angular for USA Client***
- ***Training Provided on Java for Jordon Client***
- ***Training provided on writing own programs and given solutions leetcode for USA and India (Hyderabad) clients***
- ***Training provided on Cucumber with Gherkin core for Job seekers***
- **Given assignment solutions for college subjects (clients from India)**
- **Designed real-time project scenarios by using UML diagrams (clients from India)**
- **Final year projecyt guidance (clients from India)**
- **Guided for research paper works (clients from India)**

ACADEMIC ACHIEVEMENTS

- Solved more ***leetcode*** **problems** (refer teacheron client from USA)

- Published 3 international reputed journal papers.
- Taken online Programming language courses for
  - Tagore Medical College, Chennai (First-year MBBS students)
  - Tagore Institute of Allied Health Sciences, Chennai (Departments- PA, AECT, OTAT, CT, DT, MLT, RIT, and BOPTOM)
  - Tagore Dental College, Chennai (Ref: Attached photo at the end of resume)
- Framed syllabus for autonomous colleges and Universities (Saveetha University Chennai, Sona College of Technology Salem, Jerusalem College of Engineering Chennai…)

PUBLISHED PAPERS

Published in International Journals:

1. **Varadharajan. A**, Iyappan. L and P. Kasinatha Pandian, "Assessment on land-use changes in Coimbatore North Taluk using Image Processing and Geospatial techniques", Published in the journal of **International Journal of Engineering Research and Applications (IJERA),** ISSN No. : 2248-9622, Vol.2, Issue 4, pp. 233-237, July 2012.

2. **Varadharajan. A** "Performance evaluation of various foreground extraction algorithms for object detection in visual surveillance" **" published** in the journal of "**International Journal of Computational Engineering Research (IJCER)**", ISSN No 2250-3005, vol. 2, Issue 5, September 2012.

3. **Varadharajan. A** "Performance evaluation of various statistical classifiers in detecting the diseased citrus leaves", published in the journal of "**International Journal of Engineering Science and Technology (IJEST)**", ISSN No: 0975-5462, Vol. 5, Issue 2, February 2012.

National Conference:

- Attended the National Conference on **"Recent Innovation in Computing Technology [NCRICT-08]"** at Tagore Engineering College, Chennai. 14th March, 2008.

PARTICIPATED PROGRAMS

A) Workshops:

- Participated in **"International Workshop on Bit-coin data Analysis-2018"** at Jerusalem College of Engineering, Chennai December 2018.
- Participated in **"International Workshop on Discrete Mathematics-2012 (IWODM-2012)"** in Tagore Engineering College, Chennai on 7th September, 2012.
- Participated in a two-day ISTE Workshop on **"Writing Effective Conference Papers"** conducted by **IIT Bombay** and organized by Anna University on 18th and 19th February 2012.
- Participated in **"GIGABYTE build UR PC contest"** held at B.S Abdur Rahman Crescent University (formerly known as B.S Abdur Rahman Crescent Engineering College) Chennai on 19th December, 2007.

B) Development Programs:

- Participated in the Faculty Development Program in "**Open Source in Linux Expert System** "at Karpaga Vinayaga College of Engineering and Technology, Chengalpat on 27th and 28 February 2013.
- Participated in the Faculty Development Program in **"Web services"** at Sri Sai Ram Engineering College, Chennai on 2nd and 3rd November 2011.
- Participated in the Faculty Development Program in **"IBM Open-Source Software-Tivoli"** in Tagore Engineering College, Chennai on 22nd October 2008.
- Participated in the **"E-Learning in Education"** at the National Institute of Technical Teachers Training and Research Chennai (**NITTTR**) on 19th December 2008.

Roles and Responsibilities in the Organization (Magendhiran Consultancy Services):

Currently, part-time working as a **Corporate Trainer cum developer** in the Organization of **Magendhiran Consultancy Services (2011 to till date)**

Conducted Training Programs:

- Conducted Training on **the "Soft Skills Development Program"** at **RMK Engineering College**, Kavarepettai for the final year students during September 2017.
- Conducted Training on **"Computer Program Development and Handling Real-time situations"** at **EVP Hotel**, Pandybazar, Chennai for various **corporate employees** during December 2017.
- Conducted Training on **"Computer Programming language development skills"** at **Vels University**, Pallavaram, Chennai for the final year students, during March 2018.
- Conducted Training on **the "Soft Skills Development Program"** at **EVP Hotel**, Anna Nagar, Chennai for the various institute faculty members and corporate employees during March 2019.
- Still Conducting Training programs for engineering college students with a tie-up with **Magendhiran Consultancy Services.**

EDUCATIONAL PROFILE

Course	Department	College and University	Year of Completed
MBA	International Business	Azhagappa University, Karaikudi	Till Doing
M.E	Computer Science and Engineering	B.S Abdur Rahman Crescent University (formerly known as B.S Abdur Rahman Crescent Engineering College) Chennai, Anna University	July 2008
B.Tech	Information Technology	Pallavan College of Engineering, Kanchipuram, Anna University	April 2005
Diploma	Computer Technology	Pallavan polytechnic, Kanchipuram, DOTE	April 2002

PERSONAL PROFILE

Father's Name : Mr. M. Arulmozhivarman
Date of Birth : 05.06.1982
Gender : Male
Nationality : Indian
Marital Status : Married
Permanent Address : M.324 Ragaventhira Nagar,
Sevili Medu post, Kanchipuram-631501,
Kanchipuram District,
Tamilnadu, India.

Yours Truly,

(VARADHARAJAN. A)
